Catatan Penilaian artikel oleh Reviewer :

1. **Kesesuaian dan kelengkapan unsur isi jurnal:**
Artikel telah disusun sesuai panduan penulisan jurnal (Introduction, Theory/Calculation/Methodology, Result, Discussion, Conclusion and Future Scope, Acknowledgement, References) dan unsur jurnal lengkap. Substansi artikel sesuai dengan bidang ilmu penulis yaitu fisika material.

2. **Ruang lingkup dan kedalaman pembahasan:**
Artikel yang disusun sesuai dengan ruang lingkup jurnal (Computer Science & Engineering, Information Technology, Electronics & Communication, Electrical and Electronics, Electronics and Telecommunication, Civil Engineering, Mechanical Engineering, Textile Engineering and all interdisciplinary streams of Engineering Sciences), akan tetapi dengan lingkup yang sangat luas sehingga jurnal ini menampung artikel-artikel dengan bidang kajian yang luas/kurang fokus. Pembahasan pada artikel ini masih belum membandingkan atau mengkaitkan dengan hasil penelitian lain, sehingga kedalaman pembahasan masih kurang.

3. **Kecukupan dan kemutakhiran data/informasi dan metodologi:**
Hasil penelitian dalam artikel belum memberikan informasi baru/kurang signifikan. Pustaka/referensi total yang digunakan dalam penyusunan artikel kategori minim (berjumlah 9 buah). Novelty substansi artikel minim.

4. **Kelengkapan unsur dan kualitas terbitan:**
Jurnal IJIRAE termasuk dalam kategori Jurnal Internasional biasa, ISSN 2349-2163. Scope jurnal sangat luas jadi isi artikel yang diterbitkan campuran dan beberapa artikel ditulis kurang seragam. Kualitas penerbit (AM Publications Group) kategori kurang bagus.

IJIRAE- Call for Paper January- 2020 **NEW!**

International Journal of Innovative Research in Advanced Engineering (IJIRAE) is a leading international journal for publication of new ideas founded by academicians, educationist, engineers and corporate people. The research results and fundamental advancement are all aspects of innovative Research in Engineering & Technology and various engineering disciplines, etc. IJIRAE is a scholarly open access, **Double Blind Peer Review Journal** which helps to academic person as well as student community. IJIRAE provides the academic community and industry for the submission of original research and applications related to Various Engineering discipline and Advanced Technologies.

AIM & Scope

International Journal of Innovative Research in Advanced Engineering (IJIRAE) is a scholarly open access, Peer-reviewed, interdisciplinary, monthly and full refereed journal focusing on theories, methods and applications in Engineering and Technology. IJIRAE covers all areas of Engineering and Technology, publishing refereed original research articles and technical notes. All submitted articles should report original, previously unpublished research results, experimental or theoretical and will be peer-reviewed. Articles submitted to the journal should meet these criteria and must not be under consideration for publication elsewhere. Manuscript should follow the style of the journal and are subject to both review and editing. All the papers in the journal are also available freely with online full-text content and permanent worldwide web link. The abstract will be indexed and available at major academic databases.

Publication Ethics and Publication Malpractice

The IJIRAE journal is committed to upholding the highest standards of publication ethics and takes all possible measures against any publication malpractices. All authors submitting their works to the IJIRAE journal for publication as original articles that the submitted works represent their author's contributions and have not copies or plagiarized in whole or in part from other works. The authors acknowledge that they disclosed all and any actual or potential conflicts of interest with their work or partial benefits associated with it. In the same manner, the IJIRAE journal is committed to objective and fair double-blind peer-review of the submitted for publication works and to prevent any actual or potential conflict of interest between the editorial and review personnel and the reviewed material. Any departures from the above defined rules should be communicated directly to the Editor-in-chief, who is unequivocally committed to provide swift resolutions to any such type of issues.

Further to the above, the IJIRAE journal provides a platform for the open public discussion of the journal contents. To secure accountability and to encourage sincere professional inputs without incivilities the system is set up require registration and logging for recording of inputs. Some of the website contents will be available without logging but no peer review comments can be posted on the website without the disclosure of the reviewers identity to the journal editors.

Policy of Screening for plagiarism

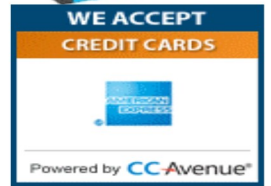

Papers submitted to International Journal of Innovative Research in Advanced Engineering will be screened for plagiarism using Crosscheck / iThenticate Plagiarism detection tools. Apart from that we check with Copyscape for plagiarism. International Journal of Innovative Research in Advanced Engineering will immediately reject the papers leading to plagiarism of self-plagiarism.

Salient Features:

- Strict Plagiarism Policy
- Peer reviewed Journal
- Open access Journal
- Reputed Editorial Board
