Dear Deden (and the team),

I hope you are doing well.

Your article status is currently waiting for reviewers' second revision. However, we decided to publish your article today for the June edition. You might notice the change of your article status on the OJS as a result of the publication.

In this case, we hope that you are still able to revise your article based on the reviewers' forthcoming comments. Therefore, we can upload the latest version of your article and revise the current file.

Thank you for your hard work and great coordination with us.

Congratulations!

To: Jurnal Ekonomi LIPI <jurnalekonomi@mail.lipi.go.id>

Herewith I attach the revised version of my manuscript. Most notable revision is the inclusion of the work of Sambodo (2018), to support the argument regarding the importance of governance. I would like to convey my gratitude and appreciation to the reviewer, who has thoroughly and meticulously examined my manuscript for the improvement. Although I have tried my best, however, I am afraid that some comments are left unanswered. Thus, to align with his concern, I revise the conclusion section a little bit and have added the limitation of this study in the last part of the conclusion.

Thank you very much for your cooperation.

Best regards,

Deden Dinar Iskandar
