Submission Confirmation (ICICELB-2201-008)

1 pesan

office@icicelb.org <office@icicelb.org>

24 Januari 2022 pukul 08.28

Kepada: budiwrst2@gmail.com

Cc: hasbiyasin17@gmail.com, noesri71@gmail.com, alimahmudan69@gmail.com

Dear Dr. Budi Warsito,

We are pleased to receive your manuscript for possible publication in ICIC Express Letters, Part B: Applications (ICIC-ELB).

Reference No.: ICICELB-2201-008

Title: Development of GUI R-Shiny for Clustering River Water Quality Index

Author(s): Budi Warsito, Hasbi Yasin, Sri Sumiyati and Ali Mahmudan

The above number "ICICELB-2201-008" has been assigned to your paper. The review result will be sent to you in due time (about two months).

The following points were confirmed during submission.

- 1) The manuscript that has been submitted has not been published, is not scheduled to be published, and indeed is not currently under review for publication elsewhere.
- 2) The author (or the author's institution or company) will be approached with a kind request to pay a reasonable charge to cover part of the cost of publication, if the manuscript is accepted.
- 3) All authors have contributed to the completion of this manuscript and agree with submission of the contents of this manuscript. It is authors' responsibility to provide their correct contact information (affiliations and emails), and the journal office takes no responsibility to verify the information. If authors provide false contact information, then their submissions will be rejected, and their published papers will be retracted as soon as it becomes clear.

Many thanks for submitting your manuscript to ICIC-ELB.

Kind Regards,

Dr. Yan SHI

Editor-in-Chief, ICIC-ELB

Professor, School of Industrial and Welfare Engineering, Tokai University

9-1-1, Toroku, Kumamoto 862-8652, Japan

Kepada: budiwrst2@gmail.com

Cc: hasbiyasin17@gmail.com, noesri71@gmail.com, alimahmudan69@gmail.com

Dear Dr. Budi Warsito,

It is my great pleasure to inform you that your contribution to ICIC Express Letters, Part B: Applications,

Reference No.: ICICELB-2201-008

Title: Development of GUI R-Shiny for Clustering River Water Quality Index

Author(s): Budi Warsito, Hasbi Yasin, Sri Sumiyati and Ali Mahmudan

has been accepted for the publication with the following conditions. Also, please use the ICIC-ELB style files <http://www.icicelb.org/ellb/information.html> (either LaTeX source files, or Word with PDF files) for preparing your paper (no more than 8 pages) for the publication.

The paper is generally well written and organized. The results presented in the paper seem correct, and potentially useful in practice. The techniques employed to tackle the problems are generally standard with some novelties. The paper can be accepted for publication subject to some necessary minor changes as below:

Comments:

- 1) The review on existing studies is not enough with few discussions in the Introduction; therefore, in order to further highlight the motivation of this research, more recently published studies are suggested to be reviewed and more statements are suggested to be added on related studies.
- 2) The major contributions and significance of this research should be further emphasized in the Introduction, and the results obtained from this study should also be stated.
- 3) In the end of the Introduction, the organization of this paper is recommended to be summarized to make the structure clear.
- 4) The in-text citation "The program code used for clustering is R, which is a statistical programming language created by Ross Ihaka and Robert Gentleman" is suggested to be cited in the References.
- 5) More statements should be added for illustrating all the figures shown in the manuscript, and for the third tab "Assumption Handling", there appears no interface for this tab.
- 6) It is suggested to improve the resolution of the horizontal axis in Figure 5.
- 7) In the References, are the first five references necessary for this manuscript?
- 8) It is suggested to cite more references from mainstream journals, for example, the paper titled "A Bottom-up Hierarchical Clustering Algorithm with Intersection Points" in International Journal of Innovative Computing, Information and Control, vol.15, no.1, pp.291-304, DOI: 10.24507/ijicic.15.01.291, 2019.
- 9) English presentation should be further polished. For example, subject-verb disagreement appears in "the sample used represent the population".

Please note that if the paper is not revised satisfactorily complying with the conditions above, ICIC-ELB reserves the right to reject the paper from the journal.

Please submit your Final Version, Revision Note, the Publication Page Charges and Copyright Form (<http://www.icicelb.org/ellb/information.html>) to us within Three Weeks' Time (from the date of this message) at our online submission system <http://www.icicelb.org>. All authors' handwritten signatures are required in Copyright Form. Thank you for your understanding and cooperation.

ICIC-ELB has been indexed in Scopus (Elsevier), and INSPEC (IET). We would like you to refer to ICIC-ELB publications especially your own works in your future research. We believe it will help you promote your article and enhance its visibility.

Please feel free to contact me if you have any questions about your paper.

Dear Dr. Budi Warsito,

I am glad to inform you that your accepted paper (ICICELB-2201-008) has been edited for the publications in ICIC Express Letters, Part B: Applications (ICIC-ELB). It is extremely important that you go over the galley proof very carefully for errors and any necessary changes such as updating status of papers in the reference (volume, issue, page numbers, year). At this stage, only minor changes can be accepted, and any changes should be marked in the PDF file (ICICELB-2201-008(edit)) that you downloaded from the online submission system (<http://www.icicelb.org>). Proof must be received within Three Days from the date of this letter. You should also upload the edited PDF file to the submission system even if there is no change needed.

If we do not hear from you within Three Days or your paper proof is not proper, your paper may not be published as scheduled.

Thanks for your cooperation.

Best Regards,

Dr. Yan SHI
