kepada saya, Ari ▾

The following message is being delivered on behalf of Livestock and Animal Research.

Dear Author di tempat

Terima kasih sudah mengirimkan artikel di jurnal LAR.

Berdasarkan hasil screening kami, beberapa perlu diperbaiki:

- penulisan masih banyak typo, baik kata, maupun spasi, titik dan koma.
- daftar pustaka, format penulisan belum sesuai panduan penulisan LAR
- Masih banyak salah ketik di daftar pustaka
- pustaka harus 80% dari jurnal ilmiah bereputasi
- similarity indeks masih 17%, mohon diperbaiki hingga max 15%.

(Mohon maaf jika terkirim dua kali, ada gangguan internet)

Salam,
Tim Editor

The image shows three stacked sections of a Microsoft Word document. Each section has a red annotation from a user:

- Section 1:** Contains numbered points 1 through 3. Point 1 is labeled "Original Article". Points 2 and 3 are labeled "Inventarisasi emisi metana (CH₄) pada peternakan sapi perah di Kecamatan Pujon," and "Kabupaten Malang." A user annotation next to point 3 states: "Paper sudah ditulis dengan sistematis, namun rationalisasi untuk tujuan penelitian adalah menurunkan emisi metana. Padahal emisi metana sudah turun terus meskipun populasi sapi perah yang menurun juga, tapi bukan karena upaya penurunan."
- Section 2:** Contains numbered points 20 through 26. Points 20-23 discuss manure management. Point 24 is "PEMBAHASAN". Points 25 and 26 discuss cattle population in Kecamatan Pujon. A user annotation next to point 25 states: "Seharusnya ada sub bab pembahasan mengenai upaya-upaya penurunan emisi CH₄ yang bukan karena penurunan populasi sapi."
- Section 3:** Contains numbered points 1 through 12. Points 1-2 discuss methane emissions. Point 3 is "Upaya-upaya Penurunan Emisi Metana". Points 4-9 discuss conclusions. Point 10 is "KONFLIK KEPENTINGAN". Point 11 is "Penulis menyatakan bahwa pada artikel ini tidak terdapat konflik kepentingan dari pihak". A user annotation next to point 7 states: "Sekalinya ditambahkan sub bab ini, agar tidak terjadi pemikiran ya timbul 'kut apa diteliti, kan emisi metana sudah turun?'".

3. Kirim perbaikan (10 Mei 2021)

The screenshot shows a Gmail inbox. On the left, there's a sidebar with icons for Mail (99+), Chat, Spaces, and Meet. The 'Kotak Masuk' (Inbox) section is selected, showing 518 messages. Below it are 'Berbintang' (Starred), 'Ditunda' (Delayed), 'Terkirim' (Sent), 'Draf' (Drafts) with 5 messages, and 'Selengkapnya' (More). The main area displays an incoming email from 'Ali Mahmud, mahmud <alimahmud58@umrm.ac.id>' to 'Yuli'. The subject is 'Dear Pengelola Jurnal Livestock and Animal Research.' The message body says: 'Berikut kami kirimkan naskah yang sudah kami perbaiki. Terimakasih.' Below the message is a note: 'Satu lampiran • Dipindai dengan Gmail ⓘ'. A file attachment is shown with the name 'W Inventarisasi emi...'. At the bottom are 'Balas' (Reply) and 'Teruskan' (Forward) buttons.

4. Bukti accepted (10 November 2021)

The screenshot shows a Gmail inbox. The sidebar is identical to the previous one. The 'Kotak Masuk' section shows 16 messages. The message from 'Livestock and Animal Research <jurnal@mail.uns.ac.id>' to 'Ali, saya' is selected. The subject is 'lar'. The message body starts with: 'The following message is being delivered on behalf of Livestock and Animal Research.' It then quotes: 'Dear Ali Mahmud: We have reached a decision regarding your submission to Livestock and Animal Research, "Inventarisasi emisi metana (CH4) pada peternakan sapi perah Kecamatan Pujon, Kabupaten Malang." Our decision is to: Accept Submission Your article will be published for up comming volume, therefore please contact Ms. Ari Kusuma Wati (+6285643529428) for invoice. LoA will be sent after payment. Please do not reply to this e-mail message. If you have comments or questions, please use the contact information below.'

5. LOA (15 November 2021)

The screenshot shows a Gmail inbox with 16 unread messages. The search bar at the top contains the text "lar". The main area displays an email from "Livestock and Animal Research <jurnal@mail.uns.ac.id>" to "Ali, saya" dated "Sen, 15 Nov 2021, 14.27". The subject of the email is "[LAR] Inventarisasi emisi metana (CH4) pada peternakan sapi perah di Kecamatan Pujon, Kabupaten Malang." The message body is as follows:
