Annals of Biological Sciences
ISSN: 2348-1927 | Impact Factor 1.18*
Volume 7, Issue 1

"BIOLOGY IS THE SCIENCE. EVOLUTION IS THAT CONCEPT THAT MAKES BIOLOGY UNIQUE."

Dear Mrs. Delianis Pringgenies,Warm greetings from **Journal of Biological Sciences!!**

Thank you so much for choosing our journal. I am pleased to inform you that your article entitled, "**PHENOL CONTENT AND ANTIOXIDATIVE ACTIVITY IN THE EXTRACT OF MULTIPLE SARGASSUM SPECIES**" has been **accepted in our pre-quality check** and it'll soon be processed for the peer review.

We are sending you a contributors form kindly go through it thoroughly and fill the needful details. As we need confirmation from the side of the authors to proceed further with your manuscript for the peer-review process. I will update you with the details at every step.

Awaiting for your response.
Feel free to ask any further queries.

With warm regards,
Susan Bones

Dear Dr. Delianis Pringgenies,

Greetings!

After going through your contributor's form, we see that you have asked for a partial waiver due to lack of funds. Since every author is precious to us and this is your first article with us, therefore, we have decided to give you a partial waiver. The original processing charges are **1359 Euros** but now you only have to pay **957 Euros** only. I hope this amount would be affordable for you.

Please let us know your opinion towards the proposal as soon as possible so that we can continue with the article proceedings.

Awaiting for your response.
Feel free to ask any further queries.

With warm regards,
Susan Bones

Subject: Re: I send paper for publishing in your Journal

Dear Dr. Delianis Pringgenies,

Greetings!

You will be glad to know that we have received the reviewer comments for your Manuscript and they have appreciated your work and have given us acceptance to publish it.

They have suggested some minor corrections mentioned below, I request you to kindly go through them and address the same.

Comments:

Reviewer #1

1. The abstract doesn't define, which preventive actions authors are referring to when highlighting the use of phenol content.
2. The authors mention that the correlation of total phenol and percentage of inhibition is linear. I have following question with regards to this statement:
 - a. Authors need to define the nature of this correlation. As shown in graph they should mention that the correlation is a positive correlation rather than stating as linear.
 - b. Authors should highlight if this correlation is significant.
 - c. Also, authors should clearly label the graph as the current language of the graph labeling is not understandable.

Reviewer #2

1. In this study, authors find a significance of $p = .05$ in all of these comparisons. Are these values 0.050? Please make sure the third decimal place (place after .05) is zero to conclude any significance."
2. check Graph labeling(should be in English)

I request you to kindly do the revision as soon as possible and send the revised manuscript by tomorrow so that we can proceed further.

Hope to hear from you soon.
Feel free to ask any queries
