Dama Academic Scholarly Journal of Researchers is a double-reviewed monthly online published journal since January 2016 and is a member of Dama Academic Scholarly & Scientific Research Society. The Journal is endeavors monthly, international, refereed journal published with the aim to provide an online publishing platform for the academia, researchers, and students to publish their original works to promote and disseminate knowledge in the complex multi-disciplinary management, Science, and Technology field. The aim of the journal to become a serious vehicle for inspiring and disseminating research papers, articles, case studies, review articles etc in all subject areas by the academicians, research scholars, corporate and practitioners with substantial experience and expertise in their respective fields. This journal is kept wide to provide platform for diversity of intellectual pursuit from all corners of the society for enrichment and enhancement of the group readers. The Journal is been published on every 28th of the month. The mission is to provide a rapid turnover time to review, publish and disseminate the articles freely for teaching and reference. The Journal focuses on publishing scholarly articles from the areas of management, science and Technology. DAMA ACADEMIC SCHOLARLY JOURNAL OF RESEARCHERS seeks original manuscripts that identify, extend, unify, test or apply scientific and multi-disciplinary knowledge concerned to the management field.
