Dear Elsevier Support Systems Team,

I am Adriyan Pramono, a researcher from Indonesia.

I recently submitted a manuscript to HELIYON with the manuscript ID HELIYON-D-22-07732 which is currently accepted for publication.

Due to the most recent economic situation (due to a recent policy influenced by the COVID-19 situation), there is no support for the publication fee (no APC support) for our manuscript from our institution.

By this email, I would like to apply for a fee waiver for APC, because currently it will be entering the production stage (quote of production HLY e10887).

Your kindness is very helpful for me and my co-authors as young researchers who are economically affected by this pandemic.

We sincerely hope for your generosity to grant this request.
Thank you very much.With Kind Regards,
Adriyan Pramono

Dear Dr Pramono,

Article title: Mangrove Fruit (*Bruguiera gymnorhiza*) Increases Circulating GLP-1 and PYY, Modulates Lipid Profiles, and Reduces Systemic Inflammation by Improving SCFA Levels in Obese Wistar Rats

Thank you for your email.

I have completed the review of your request for a discount of the publication fee for your manuscript. Based on the information supplied in our system, your request for a discount has not been granted on the basis that authors have already received funding for the research.

Please be advised that each waiver or discount request is carefully considered and where it is established the research has received funding, we are not able to waive the publication fee.

Thank you for your kind understanding.

I hope this helps.

Kind regards,
Wilmer Calunod

Dear Elsevier Researcher Support,

Thank you for your email.

I would like to inform you that the funding we received is only enough for conducting the experiment of the study.

And we do not receive another financial support for the APC publication from University because at that moment (when our manuscript was under review), the new economic policy related COVID-19 has been implemented.

Therefore after the first decision of our manuscript, I immediately sent the email of waiver inquiry for the APC publication.

I am still asking your consideration of our situation, to give us remission in terms of the APC publication.

Once again, please take our inquiry into consideration.

I am looking forward to hearing from you.

With Kind Regards,
Adriyan Pramono
