

The banner features a blue background with a white geometric pattern. On the left is the UGM logo. The title 'JURNAL NASIONAL TEKNIK ELEKTRO DAN TEKNOLOGI INFORMASI' is in large white letters, with 'JNTETI' in a stylized font on the right. Below the title, the p-ISSN (2301 - 4156) and e-ISSN (2460 - 5719) are listed. A small illustration of a person with a tool is on the far right.

Announcement

📅 2023-04-17

As of 2022, Jurnal Nasional Teknik Elektro dan Teknologi Informasi is a bilingual journal publishing papers in English and Indonesian. It offers significant benefits for the authors as their papers will be advantageous for more researchers and academicians. We welcome authors to submit papers either in English or Indonesian with [this template](#).

Jurnal Nasional Teknik Elektro Dan Teknologi Informasi is an open-access, peer-reviewed, and bilingual international journal published by the Department of Electrical and Information Engineering, Faculty of Engineering, Universitas Gadjah Mada. The name of Jurnal Nasional Teknik Elektro dan Teknologi Informasi refers to printed ISSN and abbreviated as JNTETI. It is published quarterly **in February, May, August, and November**. As a bilingual journal, Jurnal Nasional Teknik Elektro dan Teknologi Informasi publishes paper in both Indonesian and English. Jurnal Nasional Teknik Elektro dan Teknologi Informasi aims to provide researchers and scientists with a platform to publish their research papers and disseminate their knowledge on electrical engineering and technology information globally. Jurnal Nasional Teknik Elektro dan Teknologi Informasi also wish to offer a free access platform to promote the dissemination of research results on electrical engineering and technology information to more varied and extensive readers.

Jurnal Nasional Teknik Elektro dan Teknologi Informasi publishes papers within scopes of information technology; power systems; signals, systems, and electronics; and communication systems. The journal welcomes contributions from scholars with relevant disciplines. Novelty and recency of scientific issues as well as originality of research, however, are the priority of Jurnal Nasional Teknik Elektro dan Teknologi Informasi in publishing papers.
