Reviewer A:

Significance (- How important is the work reported? Does it attack an important/difficult problem (as opposed to a peripheral/simple one)? - Does the approach offer to advance the state of the art? - Does it involve or synthesize ideas, methods, approaches from multiple disciplines? - Does it have interesting implications for multiple disciplines?):
Good

Originality (- Is this a new issue? Is this a novel approach to an issue? - Is this a novel combination of familiar ideas/techniques/methods/approaches? - Does the paper point out differences from related research? - Does the paper properly situate itself with respect to previous work?):
Good

Quality (- Is the paper technically sound? How are its claims backed up? - Does it carefully evaluate the strengths and limitations of its contribution?):
Good

Clarity (- Is the paper clearly written? Does it motivate the research? Does it describe clearly the methods employed (e.g., experimental procedures, algorithms, analytical tools), if any? - Are the results, if any, described and evaluated thoroughly? - Is the paper organized in a sensible and logical fashion?):
Good

Relevance (- Is the paper closely related to the theme of the journal (broadly conceived)? - Is the content interesting enough to a broad audience? - Is the paper readable in a multi-disciplinary context?):
Excellent

Technical (1): Structure of the paper:
Excellent

Technical (2): Standard of English:
Excellent

Technical (3): Appropriateness of abstract as a description of the paper:
Good

Technical (4): Use and number of keywords/key phrases:
Excellent

Technical (5): Relevance and clarity of drawings, graphs and tables:
Good

Technical (6): Discussion and conclusions:
Good

Technical (7): Reference list, adequate and correctly cited:
Good

Explanations for the above ratings and other general comments on major issues:

The topics discussed are interesting and useful in the development of the world of education in Indonesia

Comments on the minor details of the article:

In general the content of the article is good, but some things need to be added according to the notes, for example additional previous research, the process of selecting participants and some interview data.
