Dear **Authors**

My name is **Vinesh** and I am a project manager at **Straive** who will be handling the production of the book, **COVID-19 Challenges to University Information Technology Governance**, on behalf of Springer. I will be your main production contact and will oversee the production of the text of your chapter from manuscript to final print and online files.

After having reviewed the work, I would like to highlight the following production-specific notes:

PRODUCTION SCHEDULE

Chapter page proofs to you:	week of 10 Aug - 17 Aug
Corrections from you:	7 days after receipt of proofs
Estimated Print Publication Date:	Sep-2022

We will send you a file of the copyedited manuscript along with a list of any author queries that need to be answered. Together with these items, we will also provide a proof of the typeset material (in an HTML format) in which you will be able to insert your corrections directly into the proofs. This review package will also include a PDF version of the page proofs so that you can see the printed page layout.

As you can see I have allocated **7 days** for you to review the chapter page proofs which will be electronically sent to you. If you will not be available during that time period, please let me know **upon receipt of this email** so that I can adjust the proposed schedule.

NOTE: Please check any SPAM or JUNK e-mail folders and mark senders from Springer 'Safe' if necessary, in order to ensure timely delivery and correspondence.

MANUSCRIPT STYLING

I would also like to bring to your attention certain changes recommended by the publisher that will be incorporated into the proofs:

☐ **Reference Style** – The references in your book adhere closely to the **APA** which is one of the recommended styles used by Springer Nature. We will therefore edit the references in your manuscript to match this style.

COMPLIMENTARY COPIES

You are entitled to receive [1] complimentary copies of the book. You may have already supplied your shipping address for the complimentary copies together with the manuscript. However, to ensure that we have the most up-to-date information so that your copies can be sent as soon as the book becomes available, please fill out the attached form and return it to me as soon as possible.

I look forward to working with you on the production of this book. Please feel free to contact me if you have any questions or concerns.

Regards,

Vinesh

Dear Dr. Dinar,

I trust this email finds you well.

It is a great pleasure to inform you that your chapter, "Adopting COBIT 2019 for Information Technology Risks in University Online learning During Covid 19" for the book, "COVID19 Challenges to University Information Technology Governance" was successfully submitted and accepted by the publisher, Springer Nature.

Springer is requesting to provide the city and country details and the contact information such as email addresses and telephone number. Please include your co-author if you have any.

Please update the information provided below and send it back to me.

Chapter Number	Author's Name	Chapter Title	Organization / City / Country	Email Address/Contact number
9	Dinar M K Nugraheni Beta Noranita Satriyo Adhy Andy Nugroho	Adopting COBIT 2019 for Information Technology Risks in University Online learning During Covid 19	Universitas Diiponegoro, Jl. Prof. Soedharto, Tembalang, Semarang, Indonesia	dinar.mutiara@live.undip.ac.id betanoranita.undip@gmail.com satriyo@live.undip.ac.id , andikn@usm.ac.id

Thank you very much.

Best regards,

Dear Dr. Dinar,

We are hoping that the full book will be published in July or August this year.

You might be contacted by Springer directly.

Just reach me out if you do not receive a notification from them.

Thank you very much.
