Dear Bitta Pigawati,

I have great news for you. We have received the final go-ahead from the reviewers and the editorial team accepted your paper to be included in our next issue. Please see the final decision letter attached. Congratulations!

Soon you will receive the final proof which you will be asked to approve within 72 hours. In the meantime, we need to apply to our university for the invoice. My question is who do we need to address the invoice for? Should it be addressed for Bitta Pigawati as the corresponding author?

Thank you for choosing our journal,

Best wishes,

Dear Prof. Bitta Pigawati,

We are writing to you to announce you that we issued the invoice for the article processing fee for the paper you authored, which will be included in the December 2019 issue.

I am sending you the invoice issued by our university for you to be able to make the payment for the publication of your article in the Journal of Settlements and Spatial Planning.

As soon as you send us back a scanned proof of the payment, we will start the final technical evaluation and formatting of the manuscript for publication.

At this stage, for any possible adjustments that should appear, we will give you about 48-72 hours to operate them.

Then, your paper will be assigned a DOI and will be published online on our website, with the possibility of being cited.

Thank you very much for collaborating with us and please tell us if you need the invoice printed. If so, we will send it to you at the same time with the copy of the printed volume.

We are waiting for a quick reply to confirm the receipt of this message.

Kind regards,
Diana Alexandru

Dear Bitta Pigawati,

We have now finished the language proofreading and the final content and technical evaluation of your manuscript.

We would like to go to the final editorial step - online first publication.

For this, it is necessary for you to make the last adjustments to your manuscript after it was proofread by our team. There are a number of comments on the margins that we need clarifications for and modifications in the text, that we need you to approve.

Please consider these comments one by one and answer them properly.

We are sending you the file in which you should make the corrections, by leaving the track changes option active, for us to be able to see what were your adjustments/ clarifications/ answers/ replacements.

We would like to give you up to 72 hours to address these issues and then send the manuscript back to us. We want to upload it online before December.

Please give us a quick reply and communicate if you received this message and if you think it is enough time or you need more to complete our queries.

Thank you again for your collaboration and we are sure that the result of our joint efforts will be reflected in the quality of your final revised paper.

Kind regards,
Diana Alexandru
