### Important Announcements and Schedule

Bcc: d.nurafifah.dna@fk.undip.ac.id

Dear All ISFA 2017 Participants,

In a few days the ISFA 2017 will commence. Therefore, we have several important announcements.

- 1. Please kindly find the attached rundown, including the presentation schedule for your perusal. However, we truly hope that all participants will join all the agenda that we have prepared, and not only present for your presentation turn. We expect that the program will start at 8.30 sharp, thus all participants are expected to do registration before that.
- 2. The committee has made the presentation schedule based on the focus and the similarity of research topic. Therefore, we cannot accommodate the request to change the schedule. Exchanging your schedule with other participant with the same focus (same room), however, is permitted. You should find the other participant by yourself, and upon agreement is made, please inform the committee.
- 3. We expect that presentation file and poster can be given to the committee during your registration on Day 1.
- 4. Certificate, and payment receipt will be given to the participants at the end of the program on Day 2.
- 5. In regards to travel arrangement to reach the venue, Grand Candi Hotel, please consult the map provided in our webpage. There is no public transport which will pass right in the front of the venue. It is possible to take the city bus (BRT Semarang) network and stop at Akademi Polisi (AKPOL), and walk around 1-2 km. Thus, we advise you to take application-based transportation such as Grab or Gojek instead, or simply call a taxi.

ISFA 2017 committee hotline (related to how to move around Semarang): Sekar (+62 85640409621).

We wish you a safe and pleasant trip to Semarang and we look forward on meeting you all at the symposium.

Bcc: d.nurafifah.dna@fk.undip.ac.id

Dear All,

First of all, the committee would like to thank you for your participation at ISFA 2017. We hope that you enjoyed the symposium.

We are glad to inform you that we have contacted the international proceeding publisher, and they have confirmed that **there is no limit** for submission. Thus, we will put all abstracts under review and <u>the successful one</u> will be submitted for publication at the SCOPUS-indexed proceeding.

Please be reminded: there will be an additional cost of IDR 1.5 million for the publication. Unsuccessful papers will not be charged.

For those who wish for other option, such as to publish separately from ISFA 2017, or to be considered in publication in our partner, Journal of Applied Food Technology (http://appliedfoodtechnology.org/index.php/jaft/index), please immediately inform the committee.

Please note: the scope of the journal is Food Science and Food Technology related.

In regards to publication process, we are now doing the review process. We would like to inform you the general timeline for this process as below

Date	Activity
26-27 Sept 2017	The symposium
28 Sept – 15 Oct 2017	Review process round 1
18 Oct 2017	Sending the comment to author
19-26 Oct 2017	AUTHOR: revision as commented #1 review
27 Oct 2017	Revised paper #1 has to be accepted by committee
28 Oct – 3 Nov 2017	Review process round 2
5 Nov 2017	Sending the comment to author
6-12 Nov 2017	AUTHOR: revision as commented #2 review
13 Nov 2017	Revised paper #2 has to be accepted by committee
14-25 Nov 2017	Finalization by committee
27-30 Nov 2017	Submission to publisher

As we have announced at the closing of the symposium, please strictly follow the deadline.

Thank you very much for your kind attention.

Dear Diana Afifah,

As a follow up from the 2<sup>nd</sup> International Symposium on Food and Agro-biodiversity (ISFA 2017), we have successfully conducted a review for your presented paper entitled **Nutritional Composition**, **Glycemic Index**, **Glycemic Load**, **and Organoleptic Quality of Glucomannan-Enriched Soy Milk Ice Cream**.

Please find the general comment for your paper as follow:

- 1. Quality of English:
  - **High** the manuscript has been written in good English, well structured, and in accordance with academic writing principles. However, some minor mistakes might still be found. Thus, we recommend to do **proof reading with your peers** especially after the revision and fix such mistakes so that the manuscript will be in perfect shape for publication.

The review process cannot identify the English mistakes one by one in detail and it was not in our review scope. We could only give a general comment. Therefore, it is author responsibility to ensure that the manuscript is prepared in good English. Failure to do so will result in rejection to be submitted to the international proceeding publication.

- 2. Similarity index (by Turnitin.com):
  - **Low** (<30%), the manuscript has been well written and few similarities with other published (online) material found. If the manuscript is revised, please pay attention on this aspect. We do not expect high similarity index paper.
- 3. Compliance to manuscript guidelines:
  - High in general, the manuscript has been written in accordance with manuscript guideline

In addition to the above general comment, please find the specific comment from the reviewer as in attached document. Any revision or answer to reviewer's comment should be done as in attached example.

The revised manuscript should be sent back to the committee maximum in 7 days after this email.

Once we receive the revised manuscript, we will conduct the 2<sup>nd</sup> review round and at this point we will take the final decision whether the paper is accepted or rejected for international proceeding publication.

We believe that fast and quality publication is everybody's expectation. Thus, we thank for your understanding and cooperation.

Dear All Respected Authors,

This is to update you that after rigorous review and format setting, we have successfully submitted the manuscripts to IOP conference series.

Now, the manuscripts are at the hand of publisher which will do further check. In the case that the publisher still need some correction from the author, we will contact you individually.

If everything goes smoothly, the process may take up 4 weeks until your paper is published online. Thus, please expect that it will be available on early 2018.

We would take this moment as well to kindly remind you to pay the Publication Fee, IDR 1.500.000 or USD 135.

The payment should be addressed to

Account holder: Indonesian Food Technologists

Bank Name: Mandiri Bank Swift Code: BMRIIDJA

Branch: Diponegoro University, Semarang, Indonesia

Account number: 136-00-1354048-6

Address: Gedung B Lantai 3, Fakultas Peternakan dan Pertanian UNDIP, Tembalang, Semarang 50275

We hope you complete the payment **URGENTLY**, and send the proof of payment to this email address. The delay on the payment, will delay the publication process. We ask your understanding.

For those who have paid the publication fee and those who by special circumstances are exempted from the fee, please ignore above.
