Selected Peer-Reviewed Articles from the Second International Research Conference on Business and Economics (2nd IRCBE), Semarang, Indonesia, 3–4 August, 2016

It is a great pleasure for us to present this conference proceeding of the second International Research Conference on Business and Economics (2nd IRCBE) in the *Advanced Science Letters* journal. The 2nd IRCBE continues a tradition of bringing together scholars, researchers, academics and professionals to share their ideas and researches in the area of economics, development studies, business, management sciences, finance, marketing, accounting and other related areas. The 2nd IRCBE took place at various rooms in the Building C, Faculty of Business and Economics, Diponegoro University, located in uptown part of Semarang City, Central Java Province, Indonesia.

We would like to thank to more than 150 of scientists, graduate and undergraduate students, and business and social practitioners as presenters and participants in the 2nd IRCBE. We are honored to have distinguished keynote speakers in this conference and our special thanks go to them: Professor Claudio Morana (Università di Milano Bicocca, Italy), Professor Ian Alexander Kerr (Curtin University, Australia), Associate Professor Corina Joseph (Universiti Mara, Malaysia), Professor Dr. Miranda Goelton

(Central Bank of Indonesia) and Professor Augusty T Ferdinand (Universitas Diponegoro, Indonesia). The 2nd IRCBE would not have been possible without the great support of the Reviewers, and we would like to express our sincere thanks to all of them.
