Dear Dr. Chilmawati,

We received your manuscript. Some time is needed for a preliminary evaluation and then you will have an answer.

Since I will be your editor, you will keep in touch with me from now on, instead dr. Petrescu-Mag. Thank you very much!

With best regards,  
Claudiu Gavrioloaie, PhD  
editor-in-chief AACL Bioflux journal

International Journal of The Bioflux Society)  
E-mail: [zoobiomag2004@yahoo.com](mailto:zoobiomag2004@yahoo.com)

Dear Dr. Petrescu-Mag,

I am delighted to submit an original research article entitled ‘Growth Performance of *Oithona* sp. by Combination of Phytoplankton Cells and Fermented Organic Diet’ for publication in AACL BIOFLUX (Aquaculture, Aquarium, Conservation & Legislation International Journal of the Bioflux Society. We have all approved the manuscript for submission and I have been chosen as the corresponding author.

The research in the manuscript I submitted was designed to optimize copepod culture (*Oithona* sp.) as live feed organisms for fish/shrimp larvae in hatchery. This research was the early part of fish/shrimp larvae feeding strategy, so our findings can convincingly increase the production of fish/shrimp larvae in hatcheries.

This manuscript has not been published and is not under consideration for publication elsewhere. We have no conflicts of interest to disclose.

Thank you for your continuing interest and consideration of this manuscript.

Best Regards,

Dear Dr. Chilmawati,

I received the paper entitled **"BIOMOLECULAR IDENTIFICATION AND OPTIMIZATION OF GROWTH PERFORMANCE AND EGG PRODUCTION IN *Oithona* sp. UNDER DIFFERENT SALINITY CULTURE CONDITIONS"**.

However, it is not edited according to the journal format. And it also contains some comments on the right side.

So, please remove the track changes; I need a clear paper. And edit it according to the journal format. Use the template attached.

Thank you!

Sincerely yours,  
Claudiu Gavrioloaie

Dear Claudiu Gavrioloaie, Ph.D  
Editor-in-chief AACL Bioflux Journal

First, I would like to thank you for your consideration on my paper entitled "Growth Performance of *Oithona* sp. by Combination Phytoplankton Cells and Fermented Organic Diet". Honestly, right now I do rewriting again by synchronizing and do total correction with the whole data in my research.

However, I hereby send this email with my other paper attached entitled "Biomolecular Identification and Optimization of Growth Performance and Egg Production in *Oithona* sp. Under Different Salinity Culture Conditions". I hope you would be able to review this new paper and I do hope that AACL Bioflux will publish my paper. Thank you very much.

Your faithfully,

Diana Chilmawati

Feb 16 at 8:57 PM

Dear Dr. Chilmawati,

Kindly let me know about the progress of the manuscript. It is three months already since your last message.

Thank you very much!

Sincerely yours,  
Claudiu Gavrioloaie, PhD  
editor-in-chief AACL Bioflux journal"

And I only received your message on March 21. You ask about the draft paper sent on February 17, but I received no message at that date. I have checked all my e-mail messages, both to you and from you and I was not able to find any message from February 17.

So, I do not know what to say about this situation. Sometimes Yahoo service creates much confusion and I have to try hard to find older messages. But, with all my efforts, I did not succeed this time.

Anyway, please send me the draft and I will try to help you as fast as I can.  
Thank you!

Sincerely yours,  
Claudiu Gavriiloaie

Dear Dr. Chilmawati,

We have carefully analyzed your paper entitled "**Growth performance of *Oithona* sp. by combination of phytoplankton cells and fermented organic diet**". It is definitely a very interesting study, suitable for our journal.

But, unfortunately, the English needs significant improvements. So, I highly recommend to ask for help from a native English speaker and rewrite the whole paper.

After that, send it to me only, in doc format.

Thank you very much!

Sincerely yours,  
Claudiu Gavrioloaie, PhD  
editor-in-chief AACL Bioflux journal

Dear Claudiu Gavriloaie, Ph.D  
Editor-in-chief AACL Bioflux Journal

I am writing this email since, honestly, I am wondering if my payment has been received in your journal bank account or hasn't. Since there is no further info about it yet. I hope that you can confirm about my payment to make me sure that it has been successfully received. Furthermore, I would like to ask about my paper whether it needs to be revised or not. Thus, it can be published this April.  
Thank you very much for your kindest consideration.

On Tuesday, 2 April 2019, 4:01:14 am GMT+7, gavrioloaie ionel claudiu <ionelclaudiu@yahoo.com> wrote:

Dear Dr. Diana Chilmawati,

The paper entitled "**Biomolecular identification and optimization of growth performance and egg production in *Oithona* sp. under different salinity culture conditions**" has passed the preliminary evaluation and has already been sent to reviewers for the complete review.

According to the new processing policy of our journal (<http://www.bioflux.com.ro/journal/>), the complete review will be delivered to the authors after they pay the processing fee. In your case, since you submitted the paper before February 20, the fee will be the old one, 200 USD + bank taxes, not 250 USD + bank taxes as it is now.

So, for the payment please use only one of the variants below. After the payment send me a scan copy of the bank document. The variants of payment are these:

**1st variant of payment:**

Beneficiary: Bioflux SRL

City: Cluj-Napoca,

Country: Romania, European Union;

SWIFT CODE of the bank: BTRLRO22

Account (IBAN):

USD: RO68BTRL01302202L28614XX (Cluj-Napoca)

EURO: RO19BTRL01304202L28614XX (Cluj-Napoca)

Bank:

BANCA TRANSILVANIA

**Important!** When bank transfer is used to pay a publication fee, please pay attention to which modality of payment you chose! There are three options: Ben, Our, Us.

Use always "Us" option (meaning that all the bank transfer costs are in your concern/ authors support them and not the publisher). If you forgot to mention that and you let the bank to set "Ben" or "Our" options, we receive about 60 usd instead of 100 usd or about 140 usd instead of 200 usd. Such payments are not valid and you need to pay again for the rest of the sum and one more transfer charge.

**2nd variant of payment:**

via Paypal. If you can process such a payment we can start the online form. For this variant, please contact dr. Petrescu-Mag (zoobiomag2004@yahoo.com).

However, since we trust our authors, we already started the review, as I already told you.

Looking forward to receive your reply.  
Thank you very much!

Cordially yours,  
Claudiu Gavriiloaie
