Reviewer A:

thank you very much for the valuable manuscript. I have carefully read it and these are my comments.

abstract

1-)however and on the other hand together is unnecessary, you can use only however.

Introduction

2-) "In global, at least 1 billion people belong to the visually impaired group"

do you use the word "visually impaired" as blind people? if not, what is the rate of blindness?

Method

3-) Could you please provide more information related to participants such as

How old the participants?

Their educational level?

Discussion

4-) I think you should discuss more about psychological consequences of sexual assault?

5-) Please compare sexual assault victims in terms of gender?

6-) Can you apply further psychological tests such as trauma scale?

7-) How many of the participants believe in God?

8-) can you please give more information about spiritual therapy mentioned in the discussion?

9-) you can mention the methodology of the study in the title.

"" A phenomenological case study of blind male masseuses experiencing sexual assault: Implication for nursing practice ""

10-)You should provide more solutions to prevent the sexual assault

Best,
