Dear Dr. Yoyok Budi Pramono,

Food Research FR-2024-046

I would like to invite you to review the manuscript FR-2024-046 entitled "Electronic nose usage on pattern recognition of volatile organic compounds for prediction contaminated and non-contaminated bacterial cellulose fermentation". We would appreciate receiving your comments within one month, though if you need more time to complete your review, please let us know and we will be happy to grant you an extension.

Attached please find a copy of the manuscript and a Manuscript Evaluation Form. Kindly review the attached manuscript, complete the Manuscript Evaluation Form and email the fully completed Manuscript Evaluation Form to me by or before 23rd March 2024.

In the event that you are unable to review this manuscript, please let me know at your earliest convenience. Your cooperation and commitment in this matter is highly appreciated.

We are looking forward to hearing from you.

Kind regards,

Son Radu, Ph.D.
Chief Editor

Dear Prof. Son Radu, Ph.D.,
Editor in Chief Food Research

Thank you for reaching out regarding the manuscript titled "Electronic Nose Usage on Pattern Recognition of Volatile Organic Compounds for Prediction of Contaminated and Non-Contaminated Bacterial Cellulose Fermentation" (FR-2024-046). I appreciate the opportunity to contribute to this research.

I will diligently review the manuscript and provide my comments within the stipulated timeframe. Should I require additional time, I will promptly inform you and request an extension.

I will complete the evaluation form and return it to you by March 23, 2024.

Best regards,

Dr. Yoyok Budi Pramono
