Dear Anthony Robinson,

Please find the attachment of the revised version of my manuscript.

I also accompanied my paper with some comments on the peer review reports. I hope that this new version could meet the criteria of the Journal Environment and Ecology Research.

I remain at your disposal for any further information or any corrections needed in order to improve the manuscript.

Please noted that I took some time to reflect because I needed to replace my co-author (both the second and the third).

Thank you very much for your kind attention and cooperation.

Dear Yasser Wahyuddin,

Sorry for my late response.
We have received your revised paper and cover letter. Please revise your paper again referring to the first review report. The report was attached for your review.
For the figures, the quality is not acceptable by our journal. Most words are not readable. Please create a figure with high-quality.
